AMENDMENT

Sir:

This is in response to the Office Action dated July 26, 2002, and is being filed with a Request for Continued Examination (RCE) of the above-identified patent application.

All of the claims remaining in the present application after this Amendment are given in the attached "Appendix: Text of All Application Claims After Amendment," including new claims 25, 26 and 27 that are being added, as follows:

B1 *Substantially similar to* C1

25. (New) An electronic card, comprising:
an external physical shape and an arrangement of electrical contacts on an outside surface of the card according to a first published card standard,
at least a first integrated circuit chip enclosed in the card that is electrically connected with the external contacts according to the first published card standard in order to provide non-volatile storage of data passing through at least one of the external card contacts,
